**50%
SAVINGS
PER YEAR**

Protect your company's documents, data, and information from natural, man-made, or technology disasters for **\$285/month**. * Regular price **599/month**

Paperless Productivity's PaperlessDRS is the only Turn-Key platform designed for document and data backup and recovery. PaperlessDRS provides your company a Disaster Recovery and Business Continuity platform designed to store and access files, emails, e-faxes, and data on a portable server that you can take anywhere.

“ Fifty percent of small and medium businesses will go out of business within three years if lost data cannot be recovered within 24 hours. ”

– Gartner Group

Features of PaperlessDRS:

- Turn-Key and portable Disaster Recover server for any document or data file
- Built-In viewer allows you to view over 200 applications natively
- Create multiple portable backups to CD, DVD, any hard drive quickly
- Paper-to-digital critical document scanning and conversion to PDF or TIFF
- Scan and index data automatically, including barcode recognition
- Drag-and-Drop files and email from Windows Explorer-looking interface

Valid ONLY until **June 30, 2008**
